Used in kidney troubles 50 years.

Recommended here and every where.

The following statement forms convincing proof of merit.

Mrs. Etta Eaton, 801 N. Eighth street, Walla Walla, Wash., says: "I have found Doan's Kidney Pills to be a fine medicine for a lame and aching back and trouble with the kidney secretions. This remedy brought me great relief. I advise all who are suffering from kidney trouble to at least give Doan's Kidney Pills a trial."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Eaton had. Foster-Milburn Co., Props., Buffalo, N. Y.

## CATTLE STEADY; RUN IS LIMITED

(Courtesy Wednesday's Journal.)  
PORTLAND, Ore.—Little, if any change was shown in the general livestock situation at North Portland for the day. Total run of livestock overnight consisted of 13 cars.  
Hog market continues to hold a steady tone with tops ranging from \$8.15 to \$8.25. Only exceptional quality brings the extreme price.  
Conditions in the swine trade at eastern stockyard points are not so favorable and in most places values

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists. Take Hall's Family Pills for constipation.

## PRICE OF SHIPS AFFECTS WHEAT

(Wednesday's Market.)  
PORTLAND, Ore.—With new crop ships not available below 72.6 or about 30c a bushel higher than at the start of the 1914-15 season, the outlook for the coming season's wheat prices is much less favorable, although it is too early to state definitely what the market is going to be. A number of charters have been reported at extreme rates, but export interests are not making them public.

Extreme freight rates to the east are likely to curtail for the time being at least, the development of the flour trade between here and the Atlantic coast. Only a small amount of business is passing at this time, because of the lack of ocean tonnage.

Central west is again bidding for bluestem and red Russian wheat and some further sales are reported for that account, although the volume is not liberal.

The drop of 20c a barrel forecast in these reports yesterday was made later in the afternoon, as expected. This places patent at \$4.40.

Some fears are expressed in the interior regarding the rank growth of wheat and weeds in wheat fields. According to J. Z. Smith, the pioneer Walla Walla operator, in this city today, the weeds are growing unusually fast. "Signs of rust are already appearing in the wheat fields," says Smith. "The wheat has grown so rank and heavy that some of it will probably be damaged in the foothills sections. In the light land sections much top growth has been made—in fact too much for the good of the plants, as later warm weather will dry out the ground and with roots too close to the surface, the grain will not fully develop. At the present time it looks as if the harvest will be early, but this condition may change. Prospects at present are for a fair crop in the Walla Walla section."

Flour—Selling price: Patent, \$6.40; Willamette valley, \$6.40; local straight, \$5.70; bakers', \$6.60; export, \$4.50.

Hay—Buying price, Willamette valley timothy, fancy, \$12.50; eastern Oregon-Idaho fancy timothy, \$15; alfalfa, \$12.50; vetch and oats, \$11; Clover, \$8.50 per ton.

Grain sacks—1915, nominal; No. 1 Calcutta, 7 1/4¢; No. 2, 7 1/2¢. Millstuffs—Selling price: Bran, \$25.50; shorts, \$27.50.

Roller barley—Selling price: \$29.00.

Corn—White, \$34.35; cracked, \$35.35; yellow, \$36.50 per ton. Wheat bids for spot delivery were mixed today on the Portland Merchants' exchange. Bluestem was down 1c, club and fortyfold 1 1/2c, red Russian unchanged and red file higher. No sales.

Oats bids on the exchange were showing a loss of yesterday's advance of a quarter with no sales. Barely was unchanged.

Much strength is shown in millstuffs and there are forecasts in the trade that \$30 will again be reached for bran. It is stated that only a handful of mills are operating in the northwest and most of these will close June 1. Stocks of stuffs are limited. On the exchange today spot bran was advanced 25c a ton with shorts 50c higher. Only sale was a lot of 100 tons June bran at \$26.50.

## CHICAGO WHEAT CLOSES LOWER

(Wednesday's Market.)  
CHICAGO, Ill.—Wheat closed 1 1/4¢ to 1 1/2¢ lower.

General rains and weak cables caused a lower opening in wheat prices today. May wheat opened at \$1.52 7/8, a drop of 7-8c. July wheat started 3-8c lower and September was down 1-4c a bushel.

At the decline there was considerable demand by commission houses and the short interests. The majority of the traders were bearish on all grains. It was said they are mostly short. The political uncertainty and the belief that there will be a big crop of wheat, despite the damage reports, are the factors against investment buying for the present.

Prices in the corn pit opened unchanged. There was little action to the trading. The pit crowd sold corn at the outset. Shorts bought.

Oats started unchanged to slightly lower. Provisions were practically unchanged at the outset.

Before noon there was a lift in the wheat prices due to a good buying movement.

### Chamberlain's Liniment.

This preparation is intended especially for rheumatism, lame back, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Wabash, Ind., says of it, "I have found Chamberlain's Liniment the best thing for lame back and sprains I have ever used. It works like a charm and relieves pain and soreness. It has been used by others of my family as well as by myself for upwards of twenty years." 25 and 50 cent bottles. For sale by all dealers.—Adv.

SERVE SCIENTIFIC MEALS

NEW YORK, May 20.—To promote a knowledge of how to eat cheaply and to get the greatest value in nutrition from the smallest amount of eatables, the board of health has started a luncheon room for its employees at its headquarters, 139 Center street. There the guests, as they look at the bill of fare, find recorded the number of proteins, carbohydrates and fats that the food contains.

Acting Mayor McEnery and Borough President Marks were the guests yesterday of Commissioner Goldwater of the board of health, who conceived the scheme, at the first meal served in the dining room. The picture shows Commissioner Goldwater.

Let the contrary man do as he pleases. He won't listen to you, anyway.

## RECIPE TO CLEAR A PIMPLY SKIN

PIMPLES ARE IMPURITIES SEEKING AN OUTLET THROUGH SKIN PORES.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithium. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.
